

## Pacific Immigration Development Community

2022/23 Board Meeting 3

19 June, Port Vila, Vanuatu

---

### Agenda item 4(b): PIDC Annual Report 2021-22

---

#### Recommendations

Board Members are invited to **endorse** the 2021-22 Annual Report and **task** the Secretariat to present the report to the 2023 Regular Annual Meeting.

---

#### Purpose

This paper presents the 2021-22 PIDC Annual Report for the information and consideration by Members.

#### Background

2. The PIDC Annual Report is an important document that outlines the strategic objectives of the organisation, reports on major achievements, provides an overview of the Organisations structure and its governance measures and also provides an audited financial report for the business year (Refer to the Annual Report for 2021-22 to be provided by the Secretariat at the meeting)

3. It provides important information to PIDC stakeholders and potential partners and donors and is also a key document in the organisations reporting process to promote transparency and accountability for the activities undertaken in a business year. The report therefore improves the accountability of the Board and Secretariat to the wider Membership and Donors but also raises the profile of the organisation to a wider group of readers and observers who may seek to support PIDC work in the future.

4. Despite the challenges of COVID-19 during the reporting period and staffing capacity challenges, the Secretariat through the Board and membership support has been able to persevere to continue delivering core services to the PIDC family and membership.

#### Recommendations

Members are invited to:

- **endorse** the 2021 – 22 Annual Report; and
- **task** the Secretariat to present the report to the 2023 Regular Annual Meeting.
