Purpose

This session provides an opportunity for Members to discuss lessons in developing Members training curriculum and the challenges in sustaining national expertise and capacity.

Background

2. The PIDC National Training Curriculum Development Programme was introduced in 2021 to support Members develop formal domestic training programs. It uses the PIDC Model Training Curriculum which was finalized in 2021 and looks to develop formal immigration training programs for PIDC Members specific to their national operating environments of member countries. Designed with PICTs in mind, the Model Training Curriculum with training modules seek to support Members by being: (a) appropriate to their business needs; and (b) aligned to their legal, operational, staffing and remuneration frameworks.

3. Three member countries were scheduled for support in the 2021/22 financial period including Kiribati, Samoa and Fiji. This session will discuss work undertaken in partnership to support Kiribati and Samoa develop national immigration training curriculum and training module manuals.
