

Agenda item 16(a): Workshop 1 – Intelligence “New Routes, New Arrivals” (Airports)

Recommendations

The PIDC Regular Annual Meeting is invited to:

1. **note** the issues raised through the Workshop Session;
 2. **note** the risks new flight routes bring into the region and the recent trends in travel movements into Pacific airports; and
 3. **agree** to share information more consistently with PIDC and the membership on new irregular people movement activities.
-

1. Purpose

The purpose and objectives of this session is to:

- I. discuss the latest movement trends of irregular travellers entering the Pacific; and
- II. increase Members’ understanding and awareness on the relevance of immigration intelligence in the region.

2. Format

At the beginning of the workshop session conference participants (including Observers) are to be divided into **4 groups** and are to discuss the risks new flight routes bring to the region on the basis of the workshop objectives (above). Groups are expected to present findings to the general membership. Presenters will join groups to assist group discussions.

3. Key Note Presentations (20 minutes)

<i>Item</i>	<i>Responsibility</i>	<i>Time</i>
1. New routes, New Arrivals: Fiji Airport	Fiji	10 mins
2. New Routes, New Arrivals: PNG Airport	PNG	10 mins

3. Group Discussions (25 minutes)

New Routes, New Arrivals: Reflections on new movement trends (Airports)

Objective: To discuss the latest movement trends of irregular travellers entering the Pacific

Guiding Questions:

- i. Do you carry out risk assessment on new flight routes and how do you plan operations around these assessment reports?

- ii. What are the new movement trends (modus operandi) into the Pacific?
- iii. How is information on new movement trends used? What do you do with the information?
- iv. How do you use information on new movement trends circulated through the PIDC intelligence network?
- v. What should we do to consistently share information on new movement trends in the Pacific?

4. **Feedback to Conference** (25 minutes)
