

PACIFIC ISLANDS CHIEFS OF POLICE (PICP)

PIDC CONFERENCE 2024

What is PICCP?

A Pacific regional organisation that brings together Police Chiefs, Commissioners and Directors from throughout the Pacific to discuss common policing challenges, find solutions to those challenges, exchange information, and form regional agreements.

- Network of Chiefs
- Collective Voice

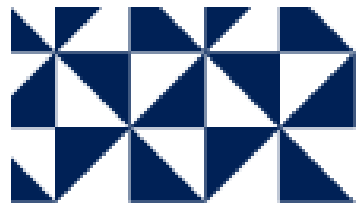

PACIFIC ISLANDS CHIEFS OF POLICE

The PICP's vision for the future is

OUR BLUE PACIFIC: SAFER TOGETHER

The mission of the PICP is

UNITING PACIFIC LEADERSHIP TO BUILD HIGHLY CAPABLE POLICING

Together we build the Blue Pacific safer for economic prosperity

- **Interpol Blue Pacific**

Ili se bula vinaka

The Fiji Police Force is truly excited about the ongoing work undertaken by the Project BLUE PACIFIC considering the growing threats of organized and transnational crime in our region.

Juki Chew FONG
Acting Commissioner,
Fiji Police Force

Our region and way of life known for its peace loving communities is continuously being threatened by the resurgence of organised crimes ranging from drug and human trafficking, environmental crimes brought on by the threats of climate change and cyber-crime.

These crimes underpin the urgency needed to work together as Pacific law enforcement, for the sake of our people and region.

“
Fiji's active role in the Project BLUE PACIFIC Steering Committee is a show of our continued commitment to working with our fellow Pacific law enforcement partners, in finding tangible solutions, enhancing our collective efforts to boost our regional and domestic security capabilities.
”

Let us continue the momentum of engagement, collaboration and the building of partnerships within the region and our international partners, as we strive to collectively achieve our shared commitment of a safe, secure and prosperous Pacific region.
